By understanding the historical context, we can contextualize the contributions of women like Sumitra Mahajan within the broader narrative of women's empowerment in Indian politics.

Early Engagements and Challenges:
The dawn of the 20th century marked the nascent stages of women's involvement in political activities, often intertwined with social reform movements. Figures like Annie Besant and Sarojini Naidu emerged as pioneering voices advocating for social justice and women's rights. Despite their efforts, the prevailing societal norms and colonial restrictions hindered widespread political participation.

Pre-Independence Struggles:
The pre-independence era witnessed an upsurge in women's involvement in the freedom movement. Leaders like Kamala Nehru, Kasturba Gandhi, and Rajkumari Amrit Kaur not only supported the larger struggle but also carved a space for women's representation within the political discourse. The demand for suffrage and political representation gained momentum as women started organizing themselves into associations.

Post-Independence Progress:
The attainment of independence in 1947 opened doors for women to actively participate in the newly formed democratic structure. The Constitution of India recognized gender equality and provided for reservations in local governance bodies. Notable women leaders like Indira Gandhi, the first female Prime Minister, and Vijaya Lakshmi Pandit, a diplomat and politician, exemplified the evolving roles women could undertake.

Challenges and Breakthroughs:
Despite these advancements, women continued to face myriad challenges, including limited access to educational opportunities, social barriers, and cultural norms that perpetuated gender bias. The chapter will highlight key moments of progress and setbacks, including the role of women in state assemblies and national legislatures.

The chapter concludes with an overview of the contemporary scenario, where women's representation in politics has gradually improved but remains far from equitable. The presence of women leaders like Sumitra Mahajan stands as a testament to the strides made in achieving political parity.
